BACK PACK FLAGS

Backpack flags are an innovative way to promote your business, charity or cause. Our backpack flags are lightweight and designed to be comfortable enough to display all day, allowing the wearer to walk through an exhibition hall or along a busy parade route with both hands free.

The backpack is made from sturdy PU-coated nylon that holds the aluminium flag pole firmly in place. The graphic is applied to knitted polyester, slides over the tubing and locks into place. We offer two different flag shapes (rectangle and sail) and these products can be printed single or double sided.
