Travel Mugs & Bottles

2020

OUTSTANDING QUALITY THAT MAKES THE RIGHT IMPRESSION

It's estimated that over 38.5 million plastic bottles and around 7 million disposable coffee cups are used in the UK alone every single day. You can help reduce this by offering a reusable alternative for your next campaign.

All of our products are retail+ quality with a unique & patented, 360 degree, anti-corrosion outer surface. We rigorously test our products for your peace of mind. The superior quality of materials used in production provide durable, long lasting promotional gifts.

INNOVATIVE, SUSTAINABLE & REFRESHINGLY DIFFERENT

We are sure you'll love our exciting collection of sustainable, reusable and highly desirable insulated bottles, flasks, tumblers, travel mugs and sports bottles.

Stylish new products combined with a selection of unique decoration processes allow you to create some truly unique drinkware.

OUTSTANDING INNOVATION AND QUALITY

Our state of the art UK production facility provides fully personalised products from just 30 units.

A wide range of innovative finishes and effects are available. Simply select the options that best suit your corporate image or marketing campaign and let us create beautiful products that will carry your message for longer and provide greater brand exposure than ever before.

PANTONE MATCHED COLOURCOAT®

A unique, anti-corrosion outer coating that can be Pantone® matched from just 90 pieces. Choose from a contemporary satin or traditional gloss finish, then brand with a durable screen printed design.

A wide selection of our travel products can be supplied with the ColourCoat® finish.

COLOURTINT®

Stunning colour-matched metallic finish from just 90 units.

ETCHING

Etching provides a subtle way of reminding clients of your brand.

Best suited to simple, bold designs.

FULL COLOUR

Now you can print your designs in full colour on as few as 30 products. Dye-sublimation print provides superior, photo quality results.

Available on a choice of products and body styles, our full colour drinkware is protected by a unique, anti-corrosion outer coating for your additional peace of mind.

COLOURFUSION®

Our innovative and patent protected ColourFusion® decoration process permits the application of vibrant, full colour graphics to the entire outer surface of your chosen bottle or beaker.

With a minimum order of just 30 pieces, ColourFusion® products are designed and printed right here in the UK.

EEVO-THERM BOTTLE

Must-have styling with an exceptional level of customisation.

Our striking Eevo-Therm bottles are retail+ quality with a unique & patented, 360 degree, anti-corrosion outer surface. This handy and highly desirable product is double walled and made from high grade 18/8 stainless steel. Eevo-Therm bottles keep your drinks hot for 12 hours or cold for 24 hours. Choose from our range of innovative decoration methods to make your brand really stand out.
